

## QUESTIONNAIRE

### Part I

Dear Colleague:

The Society for the Study of Amphibians and Reptiles is in the process of expanding its Miscellaneous Publications series. One program under consideration is a translation series designed to make available important works published in foreign languages.

As a prelude to this project, I am trying to get an idea of the type of material which would be of greatest use to the greatest number of persons. Therefore, I would appreciate your filling in the questionnaire below and returning it to me no later than 15 December 1974. Thank you.

Sincerely yours,

Roy W. McDiarmid
